

FEBRUARY 2018

Do you have excellent numerical skills? Do you enjoy gathering data and understanding what it tells you? Do you have previous supply chain experience? If the answer is yes to any of these, then this could be the opportunity for you.

We are looking for a Supply Chain Controller which is similar to a Supply Chain Procurement or Supply Chain Planner role, to join our Supply Chain team at Mack in Paddock Wood.

Mack is part of the Fresca Group and is the largest privately owned supplier of fresh produce in the UK. Each of the businesses within The Fresh Produce Centre is focused on the supply of delicious fresh fruit to consumers. Our expertise ranges from sourcing activities in over 60 countries worldwide through to the provision of services in packaging, ripening, storage and transport, supplying our prestigious customer base, seven days a week.

More about the role

As a Supply Chain Controller you will be responsible for the supply chain process which includes buying support, customer management and inventory control. You will work closely with our buying, commercial, quality and operational teams to ensure customer requirements and targets are achieved. This is a unique role as it will give you exposure to all areas of the business and you will work across all functions to ensure processes are consistently followed, and our products are used in the most efficient way.

This is a fast paced environment where no day is the same.
